This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

PREFACE.

THE Trustees of the State Library are required by law to report annually to the Legislature the additions to the Library, and also at the end of every five years a full catalogue of its contents. The Catalogue of 1850 was comprised in one octavo volume of nearly eleven hundred pages; but the additions to the Library have since been such as to render it expedient to issue the present Catalogue in three volumes, of a size more convenient than the former.

The present volume contains the Catalogue of the manuscripts, maps, engravings, coins, etc. in the General Library. The remaining two volumes contain, one, the Catalogue of the Law Books and State Papers in the Law Library; the other, the Catalogue of the printed books in the General Library.

The number of volumes in the Library at the time of the publication of the Catalogue in 1850 was 23,274. The whole number now on the shelves of the Library is 43,634; of which, 30,011, including 144 volumes of manuscripts, are in the General Library, and the remaining 13,623 in the Law Library. This shows an increase of 20,360 volumes in five years; of which, 16,607 appertain to the General Library, and 3753 to the Law Library.

While this result has been produced chiefly by purchases made from the annual appropriations by the State for the enlargement of the Library, much of it has arisen from donations made by foreign governments and authorities, principally through the system of international exchange conducted by M. VATTEMARE; by the Government of the United States; by the several States of the Union; by learned societies; by individuals, both at home and abroad; and by the deposit of the library of the late Hon. HARMANUS BLEECKER, consisting of about 2700 volumes. These additions have been specially acknowledged in the Annual Reports of the Trustees.

The additions since 1850 in the department of American History, to which the Trustees have given special attention, have been very considerable.

In 1854, the Library was removed to the substantial and appropriate building in the rear of the Capitol, constructed by the wise liberality of the Legislature for its reception.

The extent of the collection, and the convenience of the arrangements of the Library are such, that the number of readers who avail themselves of its privileges is constantly increasing; and it is a source of just pride to the citizens of the State, that those who are engaged in learned, scientific or useful inquiries, may here find liberal provision made by public munificence to aid them in their labors.

Concurrent Resolution of the Senate and Assembly, April 9, 1856.
(Laws of 1856, p. 364.)

Resolved, That the Trustees of the State Library be authorized and required to close the said library for the period of fifteen days in each year, to wit, from the fifth to the twentieth day of August, for the purpose of cleaning and dusting the books of the said library, and for making such internal arrangements as the trustees may think proper.

II. RULES AND REGULATIONS FOR THE GOVERNMENT OF THE LIBRARY, PRESCRIBED BY THE TRUSTEES.

1. The Library shall be open to the public daily as required by law (Sundays and fifteen days from the fifth to the twentieth of August excepted), from the hour of nine in the morning till five in the afternoon; and during the sessions of the Legislature, till eight in the afternoon, except on Saturdays, when it will be closed at five. While the Court of Appeals, or any general term of the Supreme Court, is in session in the Capitol during the recess of the Legislature, the Law Library will also be open till eight o'clock in the afternoon, except on Saturdays as aforesaid.

* This Court was abolished under the State Constitution of 1846.

2. It shall be the duty of the Librarian and the Assistant Librarians, carefully to preserve the books, maps, charts, engravings, manuscripts, medals, furniture, and other property belonging to the Library. They will be severally held accountable for the full value of every article missing from their respective departments, and for every injury except from ordinary use, unless it can be shown that some other person is responsible for such loss or injury: the amount of such loss or injury to be deducted from the salary of such officer, pursuant to section 3 of chapter 381 of the Laws of 1840.

3. Whenever the Library is open, the Librarian and Assistant Librarians shall be in attendance: they shall preserve order, and exclude, if necessary, any disorderly person: they shall prevent smoking, loud talking, and all noise inappropriate to the quietness of a place of study.

4. Any person who wishes to obtain any book for perusal in the General Library, will be furnished at the desk of either of the Librarians in attendance, with a card, on which he will inscribe from the Catalogue the title of the book desired, and his own name. The book thus received must not be taken from the library hall: on returning it to the Librarian's desk, the card will be given up; otherwise the party will remain responsible for the book. The Librarians will exercise a proper discrimination as to the delivery of such books as they may judge liable to be injured. Manuscripts, rare and valuable books, and plates are excluded from this rule: they will be shown only on special application to the Librarian in charge, and under such regulations as the circumstances of each case may in his judgment require.

5. In compliance with the provisions of the statute above set forth, any member of the Senate or Assembly, during the session of the Legislature or of the Senate only, is permitted, under the restrictions, forfeitures and penalties hereinafter mentioned, to take to his boarding-house or private room any book belonging to the Library, except such as are herein determined to be necessary always to be kept in the library as books of reference. The Judges of the court of appeals, the Justices of the supreme court, the Heads of the several departments, and the Trustees of the Library, have by statute the same right to take books from the Library, and under the same regulations as the members of the Legislature. No book, map, manuscript, or other article belonging to the Library, shall be at any time taken out of the library by any other person, for any purpose whatever. The restrictions and terms above referred to are contained in the next three rules.

6. No book can be taken from the Library, until its title, and the name of the person taking it, have been registered by the Librarian. A card must also be given for it, in the manner required by the fourth rule.

7. No person can take or detain from the Library more than two volumes at any one time, or for a longer period than two weeks.

8. If, on reasonable notice from the Librarian or either of the Assistant Librarians that the time for which any book or books taken or detained has expired, any person shall omit to return to the Library any such book or books for more than three days after such notice shall have been given; or if any book, map, chart, engraving, medal, or other article belonging to the Library be lost or destroyed, or so far injured as to be equivalent, in the judgment of the Librarian or Assistant Librarian in charge, to a total loss for the purposes of the Library; the person by whom such loss, destruction or injury has been occasioned, or who shall fail to make such return, shall be charged the full value of the book or article so lost, destroyed, injured or not returned; and in case of the loss of a book, or its not being returned, if it belong to a set of two or more volumes, he shall be charged the value of the whole set, or as much as it may cost to perfect it, at the election of the Library Committee. For any injury not amounting to destruction to any book, map, chart, engraving, medal or other article as aforesaid, the person causing the same shall pay a sum sufficient to compensate for such injury. This rule shall be of general application.

9. The Trustees hereby declare, agreeably to the provisions of the Revised Statutes, that the following books are always to be kept in the Library as books of reference, to wit : All the books in the Law Library ; and, in the General Library, all dictionaries, encyclopædias, registers, directories, newspapers, maps and engravings, and books which are valuable for their rarity or antiquity.

10. Books of reference referred to in the preceding article, cannot be taken from the Library ; except that during the sessions of the Legislature or of the Courts, any member thereof may take to any room in the Capitol any such book, on leaving a card for the same as required by the fourth rule, after being duly registered. The book must be returned on the same day on which it is taken.

11. No books belonging to the Law Library can be taken to the General Library for perusal ; nor are books, maps, engravings, or any other article belonging to the General Library, to be taken to the Law Library for perusal or examination.

12. For the better preservation from injury of the more costly collections of engravings, and the rare works and maps belonging to the Library, neither the Librarian nor the Assistant Librarians shall exhibit them to any person other than those authorized to take books from the Library, except on a written request from a member of the Joint Library Committee of the Senate and Assembly, the Speaker of the Assembly, or one of the Trustees or the Secretary of the Library.

13. Three days before the day fixed for the adjournment of any session of the Legislature, or of the Senate only, the Librarian shall address a note to each member of the Legislature or of the Senate, as the case may be, having any book belonging to the Library, requesting the return thereof within twenty-four hours.

14. After the expiration of the said twenty-four hours, the Librarian shall immediately make out a list of the members of each house who have omitted to return any books belonging to the Library, specifying the volumes retained by each ; and a list of those against whom any charges for any injury to or loss of books exist, stating the amount of them ; which list shall be alphabetically arranged according to the names of the respective members, and shall be certified to be correct. To the President of the Senate, the Librarian shall forthwith deliver the list relating to that body ; and the list containing the names of the members of the Assembly, he shall forthwith deliver to the Speaker ; and upon each list shall be written a copy of the section of the Revised Statutes in regard to this matter above set forth.

15. Twenty days before the opening of any annual session of the Legislature, the Librarian shall report in writing to the Trustees the title of every book, map, chart, print, engraving, or other article missing from the Library since the catalogue of the previous year was made out, or, if no such catalogue has been made, then since the date of the said Librarian's last annual report to the trustees ; together with the name or names of the persons who appear, from the entries of the Librarian, to have borrowed or detained the same, to the end that such list may be submitted to the Legislature by the Trustees.

16. All penalties imposed under any of these rules may be remitted by the Library Committee, either wholly, or on such terms as they may deem proper.

CATALOGUE OF MAPS.

NOTE. Atlases, general, marine and ancient, are classed at the commencement of the Catalogue; but atlases of particular portions of the world are classed with the single maps, and both are arranged alphabetically after the general atlases, under headings derived from the name of the country, town or region, and not from that of the author or publisher. Atlases and maps connected with printed works in the General Library are rarely noticed.

The signs 1 f., 2 f., ½ f., ¼ f., refer to the size of the sheet on which the map is printed, estimating a sheet at about two feet square.

PIUS IX : ELECTION OF PIUS IX. *Face*, A bust of Pius IX. *Legend*, Pius IX. P. M. El. die XVII. Cor. die XXI. Jun. Anno 1846.— *Reverse*, Bust of the Holy Apostles, with nimbus. *Legend*, Romæ parentes arbitrique gentium. Gold. No. 56.

A medal coined for the Festival of the Apostles, to perpetuate the memory of the election, and coronation of POPE PIUS, which last ceremony took place at St. Peters, on the twenty-first of June 1846.

PIUS IX. *Face*, A bust of Pius IX. *Legend*, Pius IX, Pontifex Maximus Anno I.—*Reverse*, Three figures. *Legend*, "Sacros Sedis Later. Posses." *Exergue*, VI Idus Nov. 1846. Gold. No. 57.

Although St. Peter *in Vaticano* is the largest and noblest church in Rome, St. John *in Laterano* is considered as preceding it in dignity : it is more ancient than the Vatican, and was before it the residence of the Pope. This medal was coined in honor of the ceremony of taking possession of the cathedral church. The three figures on the reverse represent Justice, Peace and Concord, in friendly union : these form an allegory of the amnesty granted by the Pope to political offenders, in the edict of July 16, 1846.

PIUS IX. *Face*, A Bust of Pius IX. *Legend*, Pius IX. Pont. Max. An. 1847.— *Reverse*, The Interior of the Cottage of Nazareth, with the Holy Family engaged in labor and domestic duties. *Legend*, "In laboribus a juventute mea." *Exergue*, "Bene merentibus ex sodalitio S. Jos. Edinensi." Gold. No. 58.

This medal was struck by order of the Pope, for the Holy Guild of St. Joseph at Edinburgh, on the occasion of the arrival of two members of the Guild, charged with the honor of paying its respects to the Pope. "In laboribus," etc. is the motto of the Brotherhood of St. Joseph, instituted for the religous, moral, and physical improvement of the working classes.

PIUS IX : CHURCH OF ST. PAUL. *Face*, A bust of Pius IX. *Legend*, Pius IX, Pontifex Maximus.— *Reverse*, A Prospective View of the Ostian Basilica, or Church of St. Paul, dedicated to the Apostle of the Nations as it was found after the terrible fire which injured it in 1823. *Exergue*, Basilic. S. Pauli ex incendio 13 Jul. 1823. Silver. No. 59.

This medal, which was coined in the pontificate of Gregory XVI, is now recoined, to remind posterity of the ruin of so magnificent a monument, on whose rebuilding the Roman pontiffs are bestowing every care and labor.

PIUS IX. *Face*, A bust of Pius IX. *Legend*, Pius IX, Pont. Max. Anno II.— *Reverse*, Legatione perfunctis ad Pius IX, Pont. Max. electum nomine magni turc. domini, an. 1847. Bronze. No. 61.

The inscription forms the subject of the medal which the Pope ordered to be coined expressly for the decoration of those who accompanied His Excellency CHEKIB EFFENDI in his mission as Ambassador Extraordinary from the Sublime Porte to the Holy See.

PIUS IX. *Face*, A bust of Pius IX. *Legend*, Pius IX. Pont. Max. Anno II.— *Reverse*, Two Colossal Statues. *Legend*, Basilicæ Vaticanæ decus additum 1847. Bronze. No. 60.

The colossal statues of the Holy Apostles Peter and Paul, erected by the Pope in the piazza of the Vatican, upon noble pedestals of marble, at the two extremities of the steps of the Basilica.
